Oregon Water Rights

Learning About and Applying for Water Rights

Under Oregon law, all water is publicly owned. With some exceptions, cities, farmers, factory owners and other users must obtain a permit or water right from the Water Resources Department to use water from any source—whether it is underground, or from lakes or streams. Landowners with water flowing past, through, or under their property do not automatically have the right to use that water without a permit from the Department.

Water rights are obtained in a three-step process. The applicant first must apply to the Department for a permit to use water. Once a permit is granted, the applicant must construct a water system and begin using water. When water is applied, the permit holder must hire a certified water right examiner to complete a survey of water use and submit to the Department a map and report detailing how and where water is being applied. If water has been used according to the provisions of the permit, a water right certificate is issued based upon the report findings.

Access Water Right Data and Maps

The Department has a variety of online tools for accessing information about water rights. Our main tool is the [Water Rights Information System](#). This database allows for summary reports as well as detailed information on individual water rights. Our [Water Right Mapping](#) page provides a geographical look at water rights and related data. To access water rights by township, range and section please use our [Plat Card Report](#) utility. A trip to our [Vault](#) provides access to scanned images of original documents and maps.

To decipher several of the codes and abbreviations used in our databases, use the [key](#).

OF SALT CREEK)

PC 80-6
ORDER DISMISSING
PROCEEDING

This proceeding was initiated by the Water Resources Director under the provisions of ORS 540.610 to 540.650 for the cancellation of a certain water right, based on information furnished to the Director in the form of two affidavits alleging nonuse of the said water right in question over a period of five and more successive years of nonuse.

The water right in question is for the appropriation of water from Salt Creek under a priority date of February 19, 1952, for domestic use in a residence and two bunkhouses located between Oregon Highway 42 and the channel of South Umpqua River, within the NE¼ NW¼ of Section 33, Township 30 South, Range 2 West, W.M., being a portion of the right described by the certificate issued in the names of Cooper and Young and recorded at page 26601, Volume 18, State Record of Water Right Certificates.

Notice dated May 16, 1980 of initiation of this proceeding for cancellation of the subject water right was given pursuant to ORS 540.631 to Mr. Richard H. Caswell as owner of the real property to which the said water right is appurtenant.

On June 20, 1980, a protest was filed in the office of the Water Resources Director by Richard H. Caswell against the proposed cancellation of the water right in question.

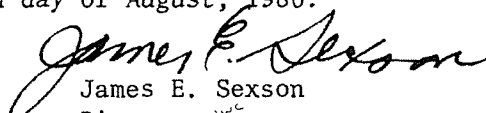

Pursuant to the Director's notice of hearing dated July 15, 1980, the matter was set for hearing on August 15, 1980 in Tiller, Oregon.

On August 8, 1980, both of the affiants who had furnished information to the Director as set forth in paragraph 1 above, each submitted an additional affidavit to the effect that although he had not observed any use of water on the property to which the water right in question is appurtenant having been made under the provisions of the said water right, he cannot state with certainty that no such use was made, and requests that the hearing be canceled.

It appearing that there is not evidence available to prove the occurrence of a period of five or more successive years of nonuse of the water right in question, this proceeding should be dismissed.

NOW, THEREFORE, it is ORDERED that this proceeding for the cancellation of the aforesaid water right in question be and the same hereby is dismissed without prejudice.

Dated at Salem, Oregon this 25th day of August, 1980.

CERTIFICATE OF WATER RIGHT

THIS CERTIFICATE ISSUED TO

JANE PORTER
P.O. BOX 3431
COOS BAY, OREGON 97420

confirms the right to use the waters of ELK CREEK AND SALT CREEK, AND THE SOUTH UMPQUA RIVER, tributaries of THE UMPQUA RIVER, for IRRIGATING 10.8 ACRES.

This right was perfected under Permit 44699. The date of priority is OCTOBER 2, 1979. This right is limited to 0.14 CUBIC FOOT PER SECOND, BEING 0.02 CFS FROM ELK CREEK AND 0.12 CFS FROM SALT CREEK, WITH ANY DEFICIENCY IN THE AVAILABLE SUPPLY FROM SALT CREEK TO BE MADE UP BY DIVERSION FROM THE SOUTH UMPQUA RIVER or its equivalent in case of rotation, measured at the point of diversion from the source.

The points of diversion are located as follows:

SE 1/4 NE 1/4, SECTION 28 AND SW 1/4 NE 1/4 AND NE 1/4 NW 1/4, SECTION 33, T 30 S, R 2 W, W.M.; SALT CREEK - 3410 FEET NORTH AND 130 FEET EAST; ELK CREEK - 1760 FEET SOUTH AND 1020 FEET WEST; SOUTH UMPQUA RIVER - 1100 FEET SOUTH AND 2100 FEET WEST; ALL FROM THE NORTH SIXTEENTH CORNER OF SECTION 33.

The amount of water used for irrigation together with the amount secured under any other right existing for the same lands, is limited to a diversion of ONE-EIGHTIETH of one cubic foot per second (or its equivalent) and 2.5 acre-feet for each acre irrigated during the irrigation season of each year.

The use shall conform to such reasonable rotation system as may be ordered by the proper state officer.

A description of the place of use to which this right is appurtenant is as follows:

	<u>ELK CREEK</u>	<u>SALT CREEK</u>
SW 1/4 NE 1/4	1.2 ACRES	
NE 1/4 NW 1/4		9.6 ACRES
SECTION 33		
TOWNSHIP 30 SOUTH, RANGE 2 WEST, W.M.		

The right to the use of the water for the above purpose is restricted to beneficial use on the lands or place of use described. The use confirmed herein may be made only at times when sufficient water is available to satisfy all prior rights, including rights for maintaining instream flows.
